

Sin-Han Yang

b08202029@ntu.edu.tw

EDUCATION

B.S, National Taiwan University

Sept. 2019 - Now

Major in Computer Science and Information Engineering, GPA: 4.16

Double major in Physics

RESEARCH EXPERIENCE

Visiting Student, Natural Language Processing Laboratory, UC San Diego

Advisor: Tsui-Wei (Lily) Weng. Nov. 2021 – Now.

Lab Member, Natural Language Processing Laboratory, National Taiwan University

Advisor: Hsin-Hsi Chen. Nov. 2021 – Now.

- Focus on fake news detection, using non-traditional approach such as interpretability.
- Gain the ability to find interesting topics, and implement ML projects.

Research Assistant, Research Center for Information Technology Innovation, Academia Sinica

Advisor: Gen-Cher Lee. Jan. 2021 – Jan. 2022.

- Modifying communication software's source code to extend functionality.
- Gain the ability to understand, modify and test big open source software.

Research Assistant, Center for Quantum Frontier of Research and Technology, NCKU

Advisor: Yueh-Nan Chen. Jul. 2020 – Aug. 2020

- Deriving the theory and do experiments on "Quantum Steering" effect.
- Using IBMQ's python module to simulate qubit, then apply to real data.

HONORS & AWARDS

NTU Y.L.LIN Scholarship

June. 2022

NTU Dean's list award

Nov. 2021

IPHO (International Physics Olympics) Taiwan team alternate player

Apr. 2018

SKILLS

Computer

- Python, pytorch, C/C++, mySQL

Language

- Mandarin (native)
 - Taiwanese(fluent)
 - English (fluent): TOEFL: 99/120 (R:27/30, L:25/30, S:23/30, W:24/30)
-
